WORK EXPERIENCE

Software Developer Intern – AVASOFT Software Solutions Pvt. Ltd., Chennai	Sep 2025 – Feb 2026
- Developed and integrated 3 full-stack e-commerce applications using Python (FastAPI) and React — built REST APIs for product catalogs, cart management, and inventory tracking across 3 Agile sprint cycles, delivered on schedule. - Automated IVR workflows across voice and chat channels using Amazon Connect and Amazon Lex, reducing manual call-routing configuration from ~2 hours/day to zero. - Streamlined 3+ ITSM incident workflow categories via client scripts, reducing manual ticket-handling steps by 40% per resolution cycle.	
Data Analyst Intern – The Ramco Cements Pvt. Ltd., Chennai	Jan 2025 – Feb 2025
- Queried and analyzed data across 3 supply chain functions (logistics, warehousing, geo-tracking) using SQL, uncovering inventory patterns that directly supported procurement planning decisions. - Developed 2 interactive Power BI dashboards tracking 10+ operational KPIs, enabling stakeholders to monitor real-time stock levels and reduced data-to-decision turnaround time.	

PROJECTS

Pathalytics – AI Career Guidance Platform pathalytics.vercel.app	2025–2026 Live in Production
- Architected and deployed a full-stack AI platform using React, Node.js, FastAPI, and MySQL with an LLM-powered chatbot, personalized career roadmaps, and curated recommendations for CS students. - Led technical development across the complete SDLC: system design, schema design, REST API development, OpenAI API integration, and zero-downtime deployment via Vercel.	
PDF-Based RAG Chatbot Live Demo	2025
Developed a Retrieval-Augmented Generation (RAG) chatbot using Python and LangChain with vector search for accurate Q&A; over user-uploaded PDFs; deployed on Streamlit Cloud.	
Real-Time Invisibility Cloak Live Demo	Dec 2024
Achieved 90% colour-masking accuracy at 30 fps using an OpenCV computer vision pipeline with HSV colour-range detection for real-time background segmentation.	
Max Voice Assistant GitHub	May 2025
Developed a modular Python voice assistant; achieved 85% command recognition across 10+ features including web search, weather API, and task automation.	

EDUCATION

B.E. – Computer Science and Engineering PERI Institute of Technology, Chennai (Anna University) CGPA: 8.16/10 Top 20%	Graduated Apr 2026
Coursework: Data Structures & Algorithms, DBMS, Machine Learning, Operating Systems, Software Engineering, Computer Networks
